Leadership.

Launching in Spring 2023, Hull Teaching Hospitals (HUTH) in partnership with Humber and North Yorkshire Health and Care Partnership are excited to offer colleagues from the health and care community the opportunity to build leadership capability with our Levy-funded Leadership & Development Level 3 apprenticeship programme.

## The opportunity

The Leadership & Development Level 3 Diploma in Management is a training, coaching and professional development apprenticeship programme which enhances your skills as a manager. The Diploma will further develop the way that you manage people, communicate, plan and lead your team to achieve a real impact on performance.

This Level 3 Diploma recognizes the knowledge, skills and behaviours needed in leadership and management in the Health Service. Incorporating the Chartered Management Institute's professional qualification, the programme blends interactive workshops, one-to-one tuition and guided self-learning to develop outstanding managers and

## Why Leadership & Development ?

Leadership has always been critical to HUTH. Following recent events, there is even more requirement for managers to quickly adapt to change, to maintain performance whilst working in a virtual world and to support the well-being of our employees through all circumstances.

We will work with you over 13 months to help you tackle existing workplace challenges and give you skills and knowledge to take on new responsibilities. You will cover topics including time management, planning and budgeting, decision-making and communication.

## You will benefit from:

- Access to professional one-to-one coaching with an experienced coach.
- Networking opportunities with managers from other parts of the Health Service
- Associate Membership to the Chartered Management Institute for the 13 month duration of the course.
- On completion, the Chartered Management Institute will award participants a Level 3 Certificate in Management and Leadership
- Foundation Charter Manager Status.

## Who is it for?

The course is designed for team leaders, supervisors and managers who want to develop their skills and knowledge and achieve professional accreditation.

Most candidates will either already have management responsibilities or plan to move into management roles.

Participants should be committed to their professional development and improving their performance.

## Improved skills

During the programme, participants will develop:

- Their time management, leadership and delegation skills
- The tools to effectively manage diverse and robust teams
- The ability to efficiently manage projects to support change
- The techniques to drive and optimize performance
